

Now to him who is ABLE to do
immeasurably more than all
we ask or imagine

We are a missional farm
community where persons of all
abilities and backgrounds
experience belonging, love,
and equality.

We believe the context of a working farm is a unique setting for authentic and meaningful relationships between God, self, humanity and creation to be enjoyed as God intended.

The rhythms and seasons of farm life allow us to encounter the goodness of God in creation and one another as we cultivate both the fruit of the earth and the fruit of the Spirit. We hope you will consider joining us whether by prayer, dreaming with us, or by your financial donation.
